Who lives in your district?

More and more travellers are choosing transit. Millennials in particular are delaying acquiring driver's licenses, opting for transit passes instead. According to the [Who's On Board: 2014 Mobility Attitudes Survey](#), in the South alone **20% of people under 30 use transit at least once a week and 11% use it to commute at least 3-4 times per week.**

Still, some ride transit not because of its conveniences, but because it's the only way they can get around. Aging adults or persons with disabilities, those who cannot afford the costs of car ownership, and veterans that need transport to medical appointments all depend daily on their local transit systems.

Total population	175,668
Millenials	49,851 (28%)
65 years or older	13,861 (8%)
Veterans	10,790 (6%)
Below poverty line	29,058 (17%)
Living with a disability	10,031 (6%)
Less than one car per worker	3,490 households (6%)

Note: Transit data are aggregated by county and subject to overestimation in small districts. Demographics are reported only for the 35th State Senate District.

How much does transit cost in your district?

Transit expenses are divided into:

- **Capital** - includes infrastructure and equipment, such as buses and vans, facilities, and technology.
- **Operating** - includes daily costs required to operate the system, such as salaries for bus operators and mechanics, regular vehicle and system maintenance, and general administrative costs.

The figure below shows all funding (both capital and operating) categorized by funding source. For details on this funding data, visit atlregional.github.io/gta/#senate/035/funding.
